A FIRM WITH OVER 100 YEARS OF EXPERIENCE

We are a firm of lawyers and economists that continues the good work first started by the Carrau law firm, founded in 1881. We provide our clients with an exclusive and specialised service that prioritises personal care and attention. We are committed to quality, excellence and effectiveness, principles that guide our professional work.

At Carrau Corporación, we have always provided our legal and economic services to companies in a range of different business sectors and to public administrations, continuing to be ever-present in the

public and private institutions in our field.

The extensive experience of our professionals is key to putting forward comprehensive solutions for the different needs of our clients, providing value in their organisation and in the undertaking of their activities.

Today, we work throughout national territory and we help our clients in their internationalisation processes through strategic alliances forged in the European Union, the United States and in Ibero-America.

WHY CHOOSE CARRAU CORPORATION?

Carrau Corporación inherited the professional vision of the Carrau law firm, founded in 1881, and it practises all areas of law so as to provide its clients with a comprehensive service.

We have professionals that specialise in the following areas: business law, taxation, economic and accounting law, employment law, insolvency law, public, administrative and construction law, civil law, individual and family law, succession law, civil liability and insurance law, criminal law, associations and foundations, cooperatives, reposessions,

renewable energy and the environment, financial entities, franchise and consumption.

To provide a truly comprehensive service, we also offer tax and employment management and accounting services so that our clients can focus on business without having to worry about the more administrative tasks.

Whatever the legal needs of their business, Carrau Corporación has a specialist team whose mission is to defend client interests to the highest degree possible.
